SB 115 HB 226

March 21, 2007

To: All members, Montana House of Representatives Fish and Game Committee

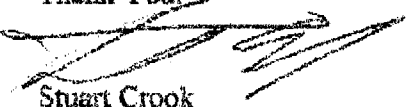

Honorable Representatives,

This note is to express my strongest support for the so-called "Poacher's Package" bills SB100, SB205, SB115 and HB226, scheduled to come before you Thursday, March 22, 2007,

As an active hunter, angler and conservationist I support fair chase principles and conservation of Montana's publicly owned natural resources and feel personally damaged by those who abuse these resources. In fact, we all are.

Please accept my strong urging to support the "Poacher's Package" of bills which will help protect and preserve our resources from abuse.

Thank You,

Stuart Crook
